

The building and construction industry needs you!

The Master Builders Orientation day is designed to give students insight into a career in the building and construction industry, and what is required to succeed.

Together with the Master Builders Association of Victoria (MBAV), The Gordon has developed this free program suitable for years 9 to 12 students interested in a career in the building and construction industry.

Program overview

The program will include:

- A bus trip to domestic and commercial building sites in the Geelong region
- Presentations from local MBAV members
- Opportunities for students to ask questions to apprentices, tradesmen, site supervisors and construction managers
- Giveaways, morning tea and BBQ lunch

Supervision of students

Students will be accompanied to the building sites by MBAV members, Gordon and GRLEN representatives and Secondary School teachers. This meets Worksafe and OH&S requirements.

Program

Date: Thursday 12 October

Time: 9.30am *prompt departure*

Location: Site tour departs the Gordon Boundary Road carpark and returns to the Gordon for a BBQ lunch. Students will be dismissed at 2pm.

Benefits for students and teachers

- Victoria is in an infrastructure boom with construction jobs in a projected growth phase
- Apprenticeships provide a solid entry to job and career prosperity
- There are more than 70 different careers available in the construction industry
- The program gives students an insight into the diverse options available and how they take the next steps with career choice
