

## Year 7 – 2018 Elective Sheet

Dear Student and Parent,

Within the elective program each student participates in three elective subjects per semester for a total of six for the year. Each subject consists of two periods per week.

Students are asked to rank each subject listed below from 1 to 10 according to their preference. 1 is first preference, 2 is second preference, and so on. It is not always possible to offer a student their first priorities, therefore it is important that students consider the ranking they give to each subject.

Parents and students are strongly advised to attend the Elective Expo on **Wednesday August 30** where staff will be available to assist families with elective selection, subject pathways and to assist with completing the elective form online.

### **It is important to note that all students must study:**

- 2 Design and Technology subjects for the year
- 2 Arts (Performance/Visual) subjects for the year

### **Information**

- Only 1 Sport subject per semester can be selected
- Music Elective and the Sport electives can be selected for a semester or whole year
